

## WE SAVE PEOPLE'S LIVES NOW HELP SAVE OURS

Your votes are needed to help us win  
**FIDELITY BANK'S**  
**\$15,000.00 IMPACT GRANT**  
so we can protect ourselves

Cancer is the leading cause of firefighters' deaths. In our operations carcinogens become trapped in our turnout gear, exposing us to a high risk of cancer.

An extractor and dryer would enable us to clean our turnout gear after use, keeping us safe. Winning the \$15,000.00 Impact Grant would enable us to purchase the equipment.

Should we be successful in winning the Grant, we plan to make the equipment available to all Mountain Top area fire companies for use, therefore our success in winning benefits our entire community.

Five community organizations are finalists to win the Grant. To help us be the winner you simply need to stop at Fidelity Bank to vote. The organization with the most votes wins the \$15,000.00.

Voting is daily at the new Fidelity Bank at 1 South Mountain Blvd. Voting is open February 1, 2020 to April 10, 2020. Simply stop at the beautiful new bank to vote. There is no restriction on how often you can vote. Plan to vote often.

*Fidelity* BANK
